MAXIMA

The big size ceramic format

Lo STUCCO VENEZIANO è una superficie decorativa unica nel suo genere che ricorda gli stucchi presenti negli antichi palazzi di Venezia.

MAXIMA è il grande formato che ne riscopre la materia e la luce ed esalta l'aspetto estetico dello stucco: liscio, morbido, gradevole al tatto, con effetti cromatici di rilievo in chiaro-scuro. La particolare finitura "a CERA" conferisce un sapore antico, lucente e luminoso.

L'effetto raffinato del "sapore antico" si adatta agli ambienti più classici ed eleganti, il design lo introduce in un contesto moderno, soddisfacendo le esigenze del contract contemporaneo.

Armonie di colori, collezioni dalle diverse origini, storie, culture e, soprattutto, emozioni.

The VENETIAN PLASTER is a unique decorative surface that recalls the plasters found in the ancient palaces of Venice.

MAXIMA is the large format that rediscovers the materials and the light and enhance the aesthetic aspect of the plaster: smooth, soft, pleasant to the touch, with colour effects in relief in light and dark.

The particular "WAX" finish gives an antique, shiny and bright flavour.

The refined effect of the "antique flavour" adapts with the most classic and elegant locals; the design introduces it in a modern context, satisfying the needs of the contemporary contract.

Harmonies of colours, collections from different origins, histories, cultures and, above all, emotions.
