RESEARCH & DESIGN

Colori Intensi, Brillanti, Shocking;
gamme cromatiche inusuali.
Da Andy Warhol, il maggiore interprete
della POP ART americana del primo
novecento, Q-BO recupera
" L'AMORE PER LA PROVOCAZIONE ".
Un oggetto di vita quotidiana, rivisitato
con diverse varianti cromatiche può
diventare Arte.

Da VERDE menta a GIALLO energetico,
da AZZURRO pastello ad ARANCIO vigoroso,
dal GRIGIO al MAGENTA.
L'Azzardo degli accostamenti cromatici
ed il contrasto tra la superficie ceramica
classica ad effetto spatolato e decoro
satturo di colore, diventa il "volto moderno"
del Gres Porcellanato.

MIX your STYLE

Vibrant, Shining, and Shocking Colors;
unusual color ranges.
From Andy Warhol, the greatest interpreter
of the American POP ART of the
early twentieth century, Q-BO recovers
" LOVE FOR THE CHALLENGE ".
An object of daily life, revisited with different
color variations, can become Art.

From mint GREEN in energetic YELLOW,
from pastel BLUE to vigorous ORANGE,
from GREY to MAGENTA.
The challenge the color combinations
and the contrast between the classical
ceramic surface and saturated color
decoration, become the "modern face"
of Porcelain Gres
